

Innovation REDEFINED

Intelligent Design Meets Superior Reliability and Performance

STX 10

Intelligent Design

10kW FM Transmitter

- Compact Size...only 22RU
- 70% AC to RF Efficiency
- Hot-Pluggable, Swappable Power Amplifier and Power Supply Modules
- IP Connectivity with Superior GUI for anytime, anywhere access
- STXe 500 exciter with best of class audio quality

Continuing the BE Tradition

The intelligent simplicity of the STX 10 is unmatched.

The new STX 10, 10kW FM transmitter has been designed to offer the perfect combination of audio quality, reliability, redundancy, serviceability and efficiency in an amazingly compact design.

No other 10kW transmitter can match the design, feature set, and BE tradition of providing the best value.

All PA modules and power supplies are hot-pluggable from the front of the transmitter. In addition the controller power supply is also accessible from here. Making maintenance a breeze.

Even the most experienced radio engineers will appreciate this mechanical design that allows easy access to all important parts and assemblies from the front and the rear access points.
