

ENVIRONMENTAL POLICY

Lumina Broadcast Systems Australia Pty Ltd is committed to environmental management. Lumina Broadcast Systems Australia Pty Ltd will maintain and review measurable objectives and targets to ensure continuous improvement, pollution prevention and compliance with environmental regulations through the guiding principles of the Australian and New Zealand Standards for environmental management systems AS/NZS ISO 14000 series.

Key principles of Lumina Broadcast Systems Australia Pty Ltd environmental policy include:

1. Minimise the negative impacts on the environment through the use of technology and training;
2. Work with clients to identify and manage environmental aspects of our business;
3. Minimise the use of raw materials, energy and water through better work practices and education of staff and guests;
4. Prevent pollution through compliance with legislative requirements and industry standards,
5. Implement monitoring programs as required to ensure the activities of Lumina Broadcast Systems Australia Pty are not impacting on the environment,
6. Communicate openly with the community, government and industry on environmental issues, predicting and acting on concerns regarding environmental matters; and
7. Seek continual improvement in our environmental performance through active identification and response to environmental issues.
